## Welcome to

# NAVAL HOSPITAL JACKSONVILLE

"Your family is our family"

# Every visit. Every time. Every day.

Welcome to Naval Hospital Jacksonville! It is our pleasure to serve you with the very best in family centered health care.

Our Strategic Plan focuses on readiness, family centered care and staff development. Central to this is your welfare, our valued beneficiaries.

Whether you are a wounded soldier on the battlefields of Iraq, a Navy wife in our Labor & Delivery Unit, a retiree being served in our Records department, or one of our own staff members - YOU will be treated exactly as we would want to be treated.

I'm very proud of the work that our staff, both in the military treatment facility (MTF) and in our seven branch health clinics, does every day to serve a beneficiary population that exceeds 214,000. Our care is provided through a collaborative approach that involves planning, delivery and evaluation of health care among providers, support staff, patients and families. It focuses on a long-term relationship that instills, trust, loyalty and family satisfaction, but is rooted in evidence-based medicine to ensure positive outcomes. That means that YOU and your family are as essential to the process of care as is the doctor, nurse or lab technician and YOU will be included in decisions about what happens during your course of care.

While the one-on-one issues of delivering top quality care involves a trusting partnership between the individuals involved; the hospital itself depends on some key partnerships as well. Our primary partnership is with Humana Military Health Services - a partnership that provides you access to a broad range of health services through network providers. We continually work with our network partners to ensure you receive the same high quality care that you have come to rely on from us.

Just as important as Humana's role in broadening our access and scope of care is an organization that sets a high standard of care for patient safety. The Joint Commission on the Accreditation of Healthcare Organizations (JCAHO) is the world's leading accrediting body. JCAHO medical professionals periodically survey all participating medical facilities, both military and civilian, examining every aspect of clinical operations. Naval Hospital Jacksonville has an outstanding history of JCAHO survey results.

Of course, the primary mission of our staff is to be ready to deploy with our troops. We are committed to the Navy Medicine mission of providing "World Class Care... Anytime Anywhere! We have proven our dependability in that mission many times in recent years, deploying medical personnel to the battlefields of Iraq and Afghanistan and this year to Guantanamo Bay, Cuba. We also stand ready to help with disaster recovery here in Jacksonville or wherever we are needed.

Satisfying your healthcare needs and making you a part of the family depends on receiving helpful information from you about your healthcare experience. We want to know where our staff has excelled as well as where we need to improve. Let us hear from you! Each clinic area now has a computer kiosk in which you can enter comments in our Interactive Customer Evaluation (ICE) system. You can also access that program from your home computer by visiting the hospital web page at navalhospitaljax@med.navy.mil and clicking on the ICE icon on our homepage. The hospital website also allows you to access services such as prescription refills and online appointment scheduling. You can also fill out a Customer Comment Sheet in our Customer Relations Department or call my Care Line at (542-CARE). Information on TRICARE programs, helpful medical information and scheduling for routine and follow-up visits with primary care mangers is also available at www.TRICAREonline.com. Scheduling appointments at Naval Hospital Jacksonville can also be done by calling 1-800-JAX-HOSP.

My staff and I are honored to assist you with your healthcare needs. Welcome to the Naval Hospital Jacksonville family!

Once again, welcome to the Naval Hospital Jacksonville family!

R.C. Bono

#### **HISTORY**

The original Naval Hospital was a multiple barracks-type structure commissioned in 1941. In support of the Naval commitment during WWII the hospital was expanded in 1943 to a bed capacity of 600. During 1943 and 1944, the patient census rose to over 1,000. The present inpatient facility was opened on December 9, 1967.

The hospital was originally designed to provide inpatient care to over 400 patients. As the thrust of modern medicine shifted to an increased emphasis on ambulatory care, the hospital's inpatient capacity has given way to the space requirements for outpatient services.

Ambulatory care requirements eventually exceeded space availability and a \$19,000,000 outpatient service addition was constructed and dedicated in August 1989. It included space for most outpatient primary and specialty clinics as well as a new laboratory. In addition, significant renovations were made to the first floor of the hospital including the Urology Clinic, Pharmacy, Radiology and Physical Therapy Departments.

The Pharmacy again underwent significant renovations and upgrades in 1996. The change resulted in twelve service windows which significantly decreased average wait time for new prescriptions. In December 2004, Naval Hospital Jacksonville incorporated the Naval Dental Center Southeast as part of a Navywide initiative to combine the naval and dental treatment facilities under one command. The Branch Medical Clinics were renamed the Branch Health Clinics to reflect the change. This realignment reduced overhead costs and improved productivity and mission effectiveness.

### **NAVAL HOSPITAL JACKSONVILLE TODAY**

Naval Hospital Jacksonville today is a general medical and surgical hospital offering both inpatient and outpatient care to active duty military men and women, their families and military retirees and their families. The hospital also has the Navy's largest Family Physician Training Program and is fully accredited by the Joint Commission on the Accreditation of Health Care Organizations. Naval Hospital Jacksonville is an eight-story building on the banks of the St. Johns River at the corner of Mustin Road and Child Street.

Providing a wide range of general and specialized outpatient health care, the hospital and its branch health clinics serve a beneficiary population of about 214,000 people. The hospital and branch clinics are in the TRICARE South Region. There are seven branch health clinics and a Substance Abuse Rehabilitation Program (SARP) under the administrative control of the hospital's Commanding Officer. Three clinics are in Florida, four in Georgia and the SARP is located in Florida.

The hospital provides most of the general specialties including family medicine, internal medicine, surgery, obstetrics, gynecology, psychiatry, radiology, ophthalmology, urology, pediatrics, ear nose and throat, oral surgery, neurology and orthopedics. The hospital has an emergency room providing emergency medical care for all eligible beneficiaries.

### MISSION AND VISION

# We are a Service Organization!

We provide operational support, promote wellness and deliver quality health care to all those entrusted to us, anytime, anywhere.

Our Vision

### First in Service!

Through Readiness, Staff Development, and Family Centered Care, we will be the Most Efficient Organization.

Guiding Principles

#### We will:

- Exemplify the Navy's core values of honor, courage and commitment
- Support military readiness and mission accomplishment through provision of the finest healthcare
- Care for all persons with courtesy, compassion and respect.
- Strive to ensure prompt access to quality and cost effective health and wellness services
- Teach, for it is through education that we build the foundation of our future.
- Provide a safe and healthy environment throughout the command.
- Continuously improve in all aspects of our mission.

# INFORMATION DESK & PATIENT/STAFF MEMBER LOCATOR

Location: Main Hospital Lobby/Quarterdeck

**Telephone:** (904) 542-7300

The information desk is located in the main lobby of the hospital. Due to federal patient privacy and confidentiality laws and hospital policies, staff members at the information desk can only provide general information about patients. Most medical information on patients is protected by the Privacy Act and HIPAA policies and is therefore not releasable. The information desk can also provide the office phone number of staff members and general hospital information.

### **FAMILY PRACTICE TEACHING PROGRAM**

Naval Hospital Jacksonville has a long tradition training primary care physicians. In 1963, the hospital was one of the first in the country to offer a General Practice Residency Training Program. The hospital offered a unique blend of individual teaching and direct patient care for residents in general practice. In 1969, with the emergence of the Family Practice movement, the General Practice Program was completely reorganized in philosophy and curriculum. Out of this reorganization emerged a quality Family Practice Residency Program which was one of the first approved programs in the country. The program at that time had 24 Family Practice Residents and has since grown to 36 resident positions.

The residency is a three year program and is the only residency training program at Naval Hospital Jacksonville. The first year resident's educational experience includes rotations in Internal Medicine, Emergency Medicine, Pediatrics, OB/GYN, Surgery, Orthopedics, Dermatology, Urology, and Family Medicine. These rotations provide the residents a broad-based curricular experience necessary to function competently in the various medical disciplines. Following their completion of internship, some first year residents receive orders to the fleet as General Medical Officers. Many return to complete the 2nd and 3rd years of residency training in Family Medicine.

In the second and third year, physicians expand their knowledge base and learn to care for more complicated medical conditions. They spend an increasing amount of time in the Family Practice Clinic where they manage 85-90 percent of their patient's health care needs.

Completing the three-year Family Practice Training Program is a significant professional milestone for these physicians, but the real winners are the Navy and Marine Corps families who will receive their health care from a Naval Family Physician.

### PRIORITY OF PATIENTS & ELIGIBILTY

Access to care at Naval Hospital Jacksonville is dependent upon your priority for care as determined by DoD and Title 10 of the U.S. Code. TRICARE Prime enrollees have higher priority for appointments in military treatment facilities than non-enrollees. The order of priority for access to health care services is:

- Active duty personnel.
- Active duty family members enrolled in TRICARE Prime at the Naval Hospital.
- Retirees, their family members, and survivors of sponsors who died on active duty enrolled in TRICARE Prime at the Naval Hospital
- Beneficiaries enrolled in TRICARE Prime with a civilian Primary Care Manager.
- Active duty personnel family members not enrolled in TRICARE Prime.
- All other beneficiaries.

Active duty members are not automatically enrolled in TRICARE Prime and assigned a Primary Care Manager. Active duty and their family members must complete an enrollment form to be enrolled, although they pay no enrollment fee. At the time of enrollment, family members choose their Primary Care Manager who is their entry point for non-emergency health care, while active duty members are usually enrolled to their ship or shore station sick call.

Retirees, their family members and survivors of sponsors who died while on active duty also must elect to enroll in TRICARE Prime, pay an enrollment fee and choose their Primary Care Manager who is their entry point for non-emergency health care.

To learn more about your TRICARE health options, see the section on TRICARE.

Military personnel are enrolled in the Defense Enrollment Eligibility Reporting System (DEERS) when they enter active duty. However, legal documentation such as marriage certificate, birth certificate or adoption papers must be presented to the sponsor's personnel office to enroll family members. Without DEERS enrollment, family members may be denied health benefits other than emergency care.

If sponsors or family members have any questions about benefits or DEERS enrollment, they can call the DEERS Beneficiary Telephone Center from 6 a.m. until 3:30 p.m. (Pacific Standard Time), Monday through Friday at 800-538-9552. The only changes that can be made with the DEERS Beneficiary Telephone Center are address changes. All other changes must be made at a Personnel Support Detachment.

The Naval Air Station Jacksonville Personnel Support Detachment is located in Building 789. DEERS information is available Monday through Friday, 9 a.m. until 5 p.m. Telephone: (904) 542-3728. The Naval Air Station Jacksonville Personnel Support Detachment is located in Building 789.

### CHCS II

The Composite Healthcare System II (CHCSII) is a DoD-wide computerized registry of all military beneficiaries in the U.S. Armed Forces. Registration in the system is mandatory for all beneficiaries, active duty, reserve, retired and their family members. Beneficiaries may register in CHCSII at Naval Hospital Jacksonville or one of its Branch Health Clinics, and are encouraged to keep their address and phone numbers up to date. For more information contact the hospital's Outpatient Records Department at (904) 542-7425.

## MEDICARE Eligibles

Beneficiaries over the age of 65 are eligible to receive pharmacy benefits to include access to military treatment facility pharmacies, the TRICARE Mail Order Pharmacy Program and Network Retail pharmacies.

Effective October 1, 2001, eligible beneficiaries who continue to receive care from their current MEDICARE providers, will have TRICARE as a second payer to MEDICARE. This means that TRICARE will pay out-of-pocket costs for services covered under MEDICARE, plus these beneficiaries will be eligible for TRICARE benefits not covered by MEDICARE, as long as the service is a TRICARE covered benefit. For more information go to www.tricare.osd.mil and look under TRICARE fact sheet or visit or contact your local Health Benefits Advisor at (904) 542-9164. (See the TRICARE For Life information in the TRICARE section of this book on page 60)

# Am I Eligible to Participate?

# For the Pharmacy Benefit:

- If you are currently age 65 or older or were 65 before April, 1, 2001, you are eligible to use the retail and mail order pharmacy benefit without being enrolled in MEDICARE Part B.
- If you turned 65 on or after April 1, 2001, you need to be enrolled in MEDICARE Part B in order to use the retail and mail order pharmacy benefit.

# For TRICARE For Life (TRICARE as Second Payer) Benefit:

You must be eligible for MEDICARE Part A and enrolled in MEDICARE Part B to participate in the health program.

#### What Do I Need to Do?

Update your Defense Enrollment Eligibility Reporting System (DEERS) record with your correct address and any changes in family status such as marriage, divorce, birth or adoption. Home addresses are important because the address on file with DEERS is used to send out information on health benefits.

## Retirees may update DEERS by:

- · Going to the nearest military personnel office
- E-mailing changes to addrinfo@osd.pentagon.mil
- Mailing changes to the DEERS Support Office, ATTN: COA, 400 Gigling Road, Seaside, CA 93955-6771
- Toll free number for the DEERS Support Office, 800-538-9552

If you are eligible, enroll in MEDICARE part B if you haven't already. If you are not sure if you are enrolled, check the back of your Social Security card for this information.

#### To enroll:

 Submit an application to enroll in MEDICARE Part B directly to the Social Security Administration. Note: the General Enrollment Period for enrollment in MEDICARE Part B is held January 1 through March 31 of each year, and Part B coverage starts on July 1 of that year. See the MEDICARE Website www.medicare.gov for details on enrollment in Part B.

Important note: See the TRICARE For Life information in the TRICARE section of this book on page 60.

### **EMERGENCY CARE**

#### Ambulance Services

### **Telephone:**

Off Base: 911 On Base: 911

Base Housing: (904) 542-3333

Ambulance service is available on base 24 hours a day. Remember to stay on the line, remain calm, answer all questions and follow any instructions given by the dispatch operator.

### Emergency Department

**Location:** First Floor/Hospital/Braun Street

**Hours of Operation:** 24 Hours **Telephone:** (904) 542-7340

The Emergency Department (ED) is open 24 hours a day, 7 days a week. The Navy Physicians in the ED are entirely Emergency Residency trained. The ED team also consists of Navy Registered Nurses and Hospital Corpsmen, and civilian clerical support staff. The ED uses the triage method to sort patients based on medical condition, in order to determine the order patients will be seen. Patients experiencing life-threatening illnesses or injuries or more serious needs are seen first. To ensure the best use of time, patients with non-emergency needs should call the Central Appointment line at (904) 542-HOSP (4677) to schedule an appointment with their primary care provider.

#### Nurse Call Center

Registered nurses are available seven 7 days a week, 24-hours a day for health care advice. The nurses are available to assist with the health concerns of TRICARE Prime enrollees who are assigned to Naval Hospital Jacksonville. You can reach the Nurse Call Center through the Central Appointments line at 542-4677 or toll free at 1-800-529-4677.

### **ACTIVE DUTY SICK CALL**

#### NAS Jacksonville

Location: Building 964, Naval Air Station Jacksonville

All Departments: (904) 542-3500

### **PRIMARY CARE**

# Primary Care Managers

A Primary Care Manager (PCM) is a physician, nurse practitioner or physician's assistant who provides for the majority of a patient's health care needs. When referral to a specialist is necessary, the PCM helps to coordinate that care. All patients that enroll in TRICARE Prime and select Naval Hospital Jacksonville or one of its branch clinics are assigned a PCM. Each of the hospital PCMs offer quality care with some unique aspects specific to that clinic. TRICARE Prime patients enrolled to a PCM site have priority access to care; access for non-Prime patients is limited to space available care. Each PCM site has a limited enrollment capacity. At any given time a PCM site may or may not have enrollment spots available. To check availability of a specific PCM, or to enroll, contact the Naval Hospital TRICARE Health Benefits Office at 542-9164 or visit the TRICARE Service Center at 1210 Kingsley Avenue, Suite 1, Orange Park, FL. Naval Hospital Jacksonville is constantly looking for ways to better serve our enrolled patients. The following are the hospital's PCM sites at the time of this guide's publication and a brief description of each.

### **CLINICS**

### Family Practice Clinic

Location: Second Floor/Outpatient Clinic

**Routine/Acute Care:** Monday to Friday – 7:30 a.m. - 4 p.m.

**After Hours Clinic (Limited appointments)**: Monday to Thursday – 4 p.m. - 7 p.m.

Saturday – 8 a.m. - noon

**Appointments:** (904) 542-4677

**Toll Free:** (800) 529-4677

The hospital operates the Navy's largest Family Practice Residency Training Program. This training program offers the entire family the opportunity to enroll and receive their care from staff and resident Family Physicians, Family Nurse Practitioners, and/or Physician Assistants in a comprehensive, coordinated, prevention-focused plan of care. Most of your visits will be with your assigned Primary Care Manager (PCM). Family Physicians and Family Nurse Practitioners are trained to provide care from birth through maturity, including most aspects of women's health. Family Physicians receive dedicated training in obstetrics and are fully qualified to provide full scope obstetrical services. Family Practice is very popular as a primary care manager and enrollment slots are generally filled as soon as they become available. In addition to routine health care visits such as physical exams and chronic medical condition management, same day acute care appointments are also available. The clinic also offers most immunizations during regular business hours.

### Pediatric Clinic

# New Prescriptions

The Pharmacy will fill new prescriptions written by military and civilian physicians as long as the medication is on the hospital's formulary. The hospital uses the Satellite Pharmacy facility located in the Navy Exchange Parking Lot to serve patients with new civilian prescriptions and is the refill pick-up site for all refills. Patient questions are answered at this time and patient counseling about the medication is completed. Civilian Provider Prescriptions will be filled only at the Satellite Pharmacy location.

#### Refills |

All refills are done using the pharmacy's automated refill system. This service is available 24 hours a day, 7 days a week. Prior to calling, you should have the prescription number(s) and the sponsor's social security number available. Follow the directions given and enter the appropriate information when asked while using a touch-tone telephone or order online at www.navalhospitaljax.com. Refills may be picked up 72 hours after ordering at the Satellite Pharmacy located in the Navy Exchange parking lot.

### Transferring Prescriptions from Other Military Treatment Facilities:

As you move from one duty location to the next, finding a new doctor and refilling prescriptions are important. Regardless of your duty location, a local Military Treatment Facility (MTF) pharmacy can fill any valid non-controlled formulary prescriptions (including one written at another MTF or by civilian doctors), if the medication is on the MTF formulary and was originally filled at a DoD pharmacy.

# Frequently Asked Questions about the Pharmacy

### Who can use the Pharmacy?

Anyone who is authorized health care in a military treatment facility. This includes MEDICARE eligible military retirees and their authorized family members.

### What medications are carried by the Pharmacy?

A wide range of medications which were selected by DoD and Naval Hospital Jacksonville are available. The list of these medications is called a formulary and is available at the pharmacy or on line at www.navalhospitaljax.com. Medications not on the formulary will not be dispensed at the hospital pharmacy but can be obtained at civilian pharmacies for TRICARE eligible patients with normal cost sharing.

# How soon can I get my medication refilled?

You are highly encouraged to call your prescription in within 10 days of needing your next refill. For example, if you received a 90-day supply of medication you cannot receive your next refill for at least 80 days from the last day it was dispensed. If you will be traveling or out of the area for a period of time, please contact the pharmacy and ask for assistance.

# How long will my refill prescriptions be held at the refill building?

Due to a lack of space and the large volume of refill prescriptions filled each day, the pharmacy is limited in the time a refill can be held. Normally, a refill is returned to stock 10 days after being called in.

# My vision is poor and I have problems using the automated refill system. Can I get help?

Yes, you can. Call the pharmacy at (904) 542-7405/7406, explain your problem and a technician will assist you.

### **DIAGNOSTIC SERVICES**

Radiology -

**Location: First Floor/Outpatient Clinic** 

Telephone: (904) 542-7363

The Radiology Department provides a variety of inpatient and outpatient services including, but not limited to, diagnostic radiography, mammography, MRI, CT, bone density, and nuclear medicine studies. After a test is ordered the patient should receive a telephone call within 3-5 days of the order being placed, if not please call HMC Langford at 542-7745. All results are provided to the requesting physician.

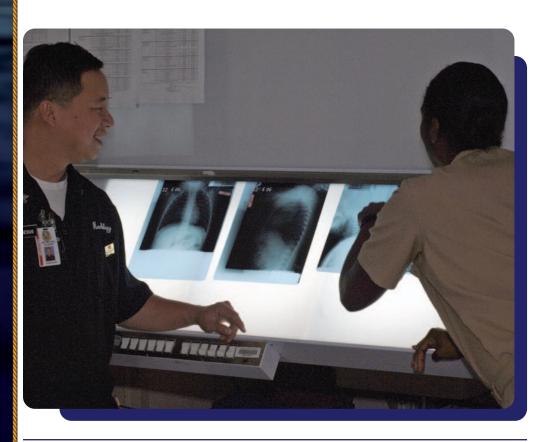

# **Department Scheduling Numbers:**

Ultra Sound: 542-9360 Mammography: 542-7461 MRI and Fluoro: 542-9693

CT: 542-9799

Dexascan: 542-7363

Nuclear Medicine: 542-7940

Laboratory |

**Location: First Floor** Telephone: (904) 542-7380

The laboratory is open for outpatient blood drawing from 7 a.m. to 7 p.m., Monday through Friday and from 8 a.m. to noon on Saturdays. The drawing area is closed on Sundays and Holidays. Some tests require appointments (glucose tolerance testing and male fertility testing), but most do not. Twenty-four (24) hour urine collections require special preservatives or specimen containers. Cholesterol/lipid studies require you to fast for 10-12 hours before having your blood drawn. If needed, special instructions will be issued either by the physician or the staff members at the lab before the test is performed. NOTE: The laboratory does not accept written laboratory requests from civilian providers. If you have any question, please call the laboratory.

### **DENTAL CARE**

#### Dental Clinics

Dental Clinic NAS Jacksonville: (904) 542-3441

Dental Clinic Naval Station Mayport: (904) 270-5351

Dental Clinic Naval Submarine Base Kings Bay: (912) 573-4212

Each Naval base in the Jacksonville area has a Dental Clinic. The clinics provide a full spectrum of dental services for active duty personnel.

By law, people enrolled in the Family Member or Retiree Dental Plans are not entitled to treatment at military facilities for service covered by the dental plan. Family members and retirees not enrolled in either dental plan are seen on a space available basis for routine cleanings and fillings only. Membership in the DoD sponsored plans is encouraged.

Dental sick call is conducted daily for active duty personnel and retirees. After hours, the duty section at the Dental Clinics see dental emergencies.

### TRICARE Active Duty Family Member Dental Plan

The TRICARE Dental Program (TDP) is a voluntary dental plan available to family members of all active duty and Active Guard/Reserve (AGR) personnel. The TDP offers comprehensive benefits with low premiums and, best of all, is available worldwide. This brochure highlights the TDP for members who receive services in the Continental United States service area, which includes the 50 United States, the District of Columbia, Guam, Puerto Rico, and the U.S. Virgin Islands.

There are two enrollment options - single and family. A sponsor with only one eligible family member must select the single option. The family option pertains to sponsors enrolling more than one family member. Enrollment, which is for a minimum of 12 months, can be completed by calling United Concordia at 1-888-622-2256 to request an enrollment form. Forms are also available at <a href="https://www.ucci.com">www.ucci.com</a>, your local Uniformed Service personnel office, or your local dental treatment facility. Please note that all new enrollees must submit a payment equal to your portion of one month's premium with your enrollment form. When United Concordia receives an enrollment form, the Defense Enrollment Eligibility Reporting System (DEERS) will be queried to confirm eligibility. Once eligibility is confirmed, and one month's premium is received, member(s) will be enrolled in the TDP. Members should contact United Concordia's Customer Service Department by telephone before receiving treatment, to ensure coverage is in effect and to confirm the effective date of that coverage.

The cost of the TDP is shared between the sponsor and their parent service, the Government paying 60 percent of the monthly premium. The member's 40 percent portion of the premium will be paid through an automatic monthly payroll deduction. Dental services covered at 100 percent of United Concordia's allowance require no payment by the member when a participating dentist provides the care. Some covered services

require a cost share - this is the portion of the cost that is the member's responsibility. The TDP limits the amount that can be paid for each member's dental services: Annual Maximum - \$1,200 per member per contract year (February 1 - January 31) for all services excluding orthodontics. Costs for some services (cleanings, fluoride treatments, and some exams and x-rays) are not applied to this annual maximum. Lifetime Orthodontic Maximum - \$1,500 lifetime per member, subject to age limitations. Diagnostic services provided for orthodontic purposes are not applied towards the \$1.500 lifetime orthodontic maximum.

Members may receive dental care from any licensed/authorized dentist. However, you can save money by choosing a United Concordia participating dentist because they have agreed to accept United Concordia's allowances for covered services. Participating dentists do not require full payment at the time of service, just the applicable cost share, and they will submit your claims for you. For help in locating a participating dentist in your area, contact your Health Benefits Advisor (HBA), call United Concordia at 1-800-866-8499, or visit the website: www.ucci.com. Nonparticipating dentists may provide care to TDP enrollees; however, you may need to pay the dentist in advance as well as any difference between United Concordia's allowance and the dentist's usual charge. You may also have to submit your own claim. Policies and procedures vary if you receive dental care (anywhere other than the United States, Guam, Puerto Rico, and the U.S. Virgin Islands).

#### Retiree Dental Plan

The TRICARE Retiree Dental Plan (TRDP) is a voluntary dental benefits program, first authorized in the National Defense Authorization Act of1997. When the program began in February 1998, it offered limited basic and preventive dental coverage to Uniformed Services retirees and their family members. October 1, 2000, the scope of coverage was enhanced to form a more comprehensive dental benefits program never before available to this population. While the basic program is still in existence today, no enrollments being accepted. As of

September 1, 2000, all retirees interested in enrolling in the TRDP are exclusively offered the enhanced program. Today, the TRDP has become the foremost dental benefits program available to Uniformed Services retirees and their families. Under a contract that renews the program through April 2008, enhanced program features like a shortened enrollment commitment, a waiting period of only 12 months for the full scope of covered services, and an increase in the annual maximum and lifetime orthodontic maximum amounts to \$1,200 provide added value to an already affordable and quality dental plan. The fee-for-service TRDP is funded entirely by enrollee-paid premiums. A special network was created to support the delivery of dental care to patients who are enrolled in this program. Enrollees in the TRDP are advised that although they may receive dental services from any licensed dentist they choose, there are advantages to receiving treatment from a participating network dentist.

### **INPATIENT POLICIES & ADMISSION PROCEDURES**

Inpatients: What to Bring

### The following items should be considered for a pre-planned overnight stay at the hospital:

Personal care items: pajamas or nightgown, robe, slippers, comb, toothbrush and toothpaste, shaving cream, cosmetics. If the patient is unable to bring his own, the hospital will supply sleeping garments and a robe. A small supply of cash for newspapers or other small items: Ten dollars is the recommended amount. Electric hairdryers, shavers and battery operated radios are permitted; however all the personal electrical items are prohibited unless specifically approved by the Charge Nurse.

### Inpatients: What Not to Bring

Do not bring valuables. Money and valuables brought to the hospital should be inventoried on the ward. Ward personnel will deposit inventoried valuables in the Patient Valuables Safe. Valuables may be withdrawn from this safe at any time. The hospital cannot assume responsibility for any patient valuables not deposited with the Valuables Custodian. Do not bring medications or other drugs. Your doctor will prescribe all medications to be used while you are a patient.

### Admissions Office

**Location:** 7th Floor, Room 7013/Hospital

**Telephone:** (904) 542-7811

The Admissions Office is staffed 24 hours a day. The following information and documentation are required at the time of admission:

- Patient's full name, date of birth, address, gender, religious preference, marital status
- Patient's military or dependent ID card
- Sponsor's name, rank, rate, social security number
- Name and telephone number of individual to be notified in case of emergency
- Patients having Advance Directives (i.e. Living Will, Durable Power of Attorney for health care) should provide a copy of the directive to the hospital at time of admission so it can be placed in the Inpatient Health Record.
- Health insurance card with name of carrier, policy number (if applicable) for all insurance other than TRICARE.

NOTE: Insurance information must be collected to assist the Navy in the recovery of medical costs from the insurer. All funds recovered from insurance companies are used by the hospital to expand the availability of or improve the quality of services provided to beneficiaries.

### **Discharge**

Patients are normally discharged from the hospital in the mornings and must process through the Collection Agent's Office located on the first floor of the hospital. Hours of operation are 7:30 a.m. until 4 p.m., Monday through Friday. Closed Saturdays, Sundays and Holidays. The patient or sponsor must pay the hospital charges in full at the time of discharge or arrange for payment with the Collection Agent.

Active duty patients discharged from the hospital during normal working hours must check out with the Patient Administration Department for endorsement of orders and disposition instructions. The Patient Administration Department is located on the second floor of the hospital. Active duty patients discharged after normal working hours should check out with the OOD at the hospital Information Desk.

### Nursing Staff

We sincerely want to welcome you to our inpatient unit. Our mission is to provide our beneficiaries with the family centered care that you deserve. Out healthcare TEAM of physicians, nurses and hospital corpsmen take great pride in delivering the highest quality and safest patient care possible. Please feel welcome to discuss your entire plan of care with any member of our healthcare TEAM. If there is any means in which we can make your stay more pleasant; please let us know. We want to remain your choice for healthcare.

### Visiting Hours

Family and friends are welcome to visit daily on the general care units from 10 a.m. until 8 p.m. Visiting children must be healthy and supervised by an adult visitor at all times. The number of visitors may be restricted due to room size or patient condition. Please check with the nursing stations before entering patient rooms. Patient privacy is strictly enforced due to hospital design of shared patient rooms. You have the right to request limitations on your visitors. Specialty areas such as the Intensive Care Unit or Labor and Delivery may have different visiting considerations. Please call the Quarterdeck or those nursing units to confirm visiting hours.

### **ADMINISTRATIVE ASSISTANCE & REFERRAL PROGRAM**

Birth Certificates

The State of Florida requires that all birth certificates be filed within 5 days of the child's birth. Parents must complete the birth certificate worksheet within 48 hours of the child's birth. The birth certificate clerk will come to the ward to provide assistance in filling out the form. Parents will not be discharged from the hospital without verifying the birth certificate application and signing the original birth certificate. The birth certificate clerk will provide all forms and information needed for the sponsor to update personnel records and register the child in DEERS. This must be done within 60 days, but should be accomplished as soon as possible. For more information call 542-7811. A True Certified Copy of the birth certificate must be requested using the Application for Duval County Birth Record that is provided by the hospital birth certificate clerk. It should be mailed to Vital Statistics, Duval County Health Department, 515 West 6th Street, Jacksonville, FL 32206-4397. Telephone: (904) 630-3330. Naval Hospital Jacksonville does not keep Birth Certificates on file. All requests of Birth Certificates must be directed to Vital Statistics Duval County.

Civilian Health Insurance

(Third Party Collections) **Telephone:** (904) 542-7844

If you have civilian health insurance other than TRICARE/CHAMPUS, a TRICARE/CHAMPUS Supplement, or MEDICARE, you should provide your insurance information to the hospital. It is federal law that the hospital bill insurance companies for your care. We also bill for pharmacy and some ancillary services. This billing process will not result in a cost to you. You will not be responsible to pay deductibles as a result of care received in a military treatment facility. When you check in for an outpatient appointment, ask if the insurance information is included in your medical record and you will be asked to have information about your policy available when being admitted. All employer provided plans must be noted in the record even when a patient has MEDICARE.

All money recovered from insurance companies is used by the hospital and results in new medical equipment and better services. You are still responsible for paying the subsistence rate as required if not paid by your insurance carrier.

If you are injured in an automobile accident, the hospital is also required to collect from your automobile insurance company (PIP coverage) for care obtained in a military treatment facility. Please contact Third Party Collections and notify them when care has been received because of an auto accident.

If you have any questions, please call the Third Party Collections Office.

### Collections Office

**Location:** First Floor/Hospital **Telephone:** (904) 542-7684

Inpatients discharged during normal working hours are requested to stop by the Collections Office and pay the nominal daily subsistence charge incurred while an inpatient. Patients discharged after normal working hours or on weekends will be billed.

### Exceptional Family Member Program

**Location:** Second Floor/Hospital **Telephone:** (904) 542-7348

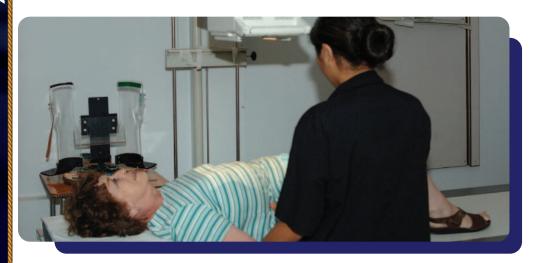

The Exceptional Family Member Program (EFMP) is a mandatory program designed to identify family members with long term health care or special education needs. The program does the following: coordinates with Overseas Screening to confirm the availability of medical and educational support at overseas locations; identifies those who require assignments within major medical areas; and identifies those who are eligible for homesteading.

If you think you may qualify for the EFM Program, check with your command EFM representative or call the hospital's Coordinator.

### Fleet Medical Liaison

Location: Second Floor/Hospital Telephone: (904) 542-7557 or 542-7558

The Fleet Medical Liaison Office facilitates communication between operational commands and the hospital. They assist in medical appointment scheduling and other personnel issues.

### Health Benefits Advisors

**Location:** Second Floor/Hospital **Telephone:** (904) 542-9164

Do you understand your health care benefits? Are you an expert on TRICARE? Or are you one of the many people confused by terms like Managed Care, TRICARE/CHAMPUS, copayment, cost share, eligible beneficiary, Primary Care Manager, deductible, HMO and PPO?

With all the changes taking place in military and civilian health care, who can possibly expect to understand it all and be sure they're making the right decisions for themselves and their families?

Luckily, Naval Hospital Jacksonville has a team of specialists who are trained to help you understand and control your health care benefits. Health Benefits Advisors (HBAs) are available to answer questions about your medical and dental benefits, help you obtain care, assist you in the claims process, help you coordinate benefits between TRICARE and another insurer, and provide information so you can make informed choices. Jacksonville's HBAs are all highly trained professionals who have the skills and experience to assist patients with their TRICARE questions.

Naval Hospital Jacksonville's HBAs are located in the TRICARE Customer Assistance Center on the second floor of the hospital. The office is open Monday through Friday. HBAs are also located at Branch Health Clinic Kings Bay and Branch Health Clinic Mayport.

Another resource for military health care information is the TRICARE Service Center (TSC) which is located at 1210 Kingsley Avenue, Suite 1, Orange Park, FL. If you have a question for the Managed Care Contractor, you will need to call 1-800-444-5445. The TRICARE Service Center does not receive phone calls, only walk-ins.

### Interpreters \_\_\_\_

Information Desk: (904) 542-7300

If you need an interpreter for American Sign Language or a foreign language please ask for assistance at our Information Desk. We have a list of staff and volunteers who will be glad to assist you.

**Location:** Sixth Floor/Hospital **Telephone:** (904) 542-7816

The Legal Office provides limited legal services for inpatients and staff. These services include Living Wills, Durable Powers of Attorney (health care) and Notary Service.

### Medical Records

Location: Outpatient Records-First Floor/Outpatient Clinic

Inpatient Records-Second Floor/Hospital

Telephone: (904) 542-7425/7427

If you are new to the area or a new military family member, you should stop by the Outpatient Records Desk in the Outpatient Clinic. Family member and retiree medical records should be turned in or a new medical record created if necessary.

Medical records are, by law, the property of the U.S. Government and must remain at the hospital or branch health clinic at all times. This system ensures that all medical information, lab and test results will be promptly filed in your record, and that your record will be automatically sent to any clinic when you have an appointment.

You may request a copy of your medical record or have your records transferred to another Military Treatment Facility by stopping at the Correspondence Section in the Outpatient Records Office. A copy of an Outpatient Medical Treatment Record of an adult family member or spouse may be released to the sponsor or spouse, provided written authorization by the patient is given.

### Medical Boards Processing

**Location:** Second Floor/Hospital **Telephone:** (904) 542-7568

The Medical Board staff assists active duty, reservist and Tri-Service personnel with permanent or temporary disabilities that are being processed by Physical Evaluation Boards and Limited Duty Medical Boards. The staff also provides education and counseling on disability issues and benefits.

### Disability Counselor

**Location:** Second Floor/Hospital **Telephone:** (904) 542-7569

The Physical Evaluation Board Liaison Officer (PEBLO) assits and counsels active duty and reserve members during their Physical Evaluation Board process. The PEBLO also facilitates the Disability Transition Assistance Program (DTAP) class, which provides service members with accurate and complete information about the Disability Evaluation System.

### Customer Relations Office

**Location:** Second Floor/Hospital **Telephone:** (904) 542-9175

**CO's Care Line:** (904) 542-2273; (904) 542-CARE

Customer Relations E-mail: nhjaxcustomerservice@med.navy.mil

The hospital's Customer Relations Office manages a network of Customer Service Representatives (CSRs) that are located in each hospital department. The CSRs serve as patient advocates. Customer/patient concerns or suggestions should be addressed to the clinic or department CSR for resolution. The photos and names of all CSRs are prominently displayed in all clinical areas. A patient may also call the Customer Relations Office for assistance or for the name and phone number of the CSR in a specific area. Customer Comment Sheets are located throughout the hospital and the Commanding Officer also has a Care Line that customers may use to voice concerns.

ICE (Interactive Customer Evaluation) system is a web-based tool for collecting patient feedback about the services provided at Naval Hospital Jacksonville or one of its seven Branch Medical Clinics (BHCs).

Patients or visitors may submit online comment cards to rate the services provided, praise staff for outstanding service or submit suggestions in one of two ways. They may either submit comment from their home computer navalhospitaljax.med.navy.mil or they may submit a comment using a kiosk in the medical facilities.

Public Affairs Office

Location: Second Floor/Hospital **Telephone:** (904) 542-7820

The hospital's Public Affairs Office publishes this publication, The Naval Hospital Jacksonville Patient Guide and the patient newsletter, The Pulse. Comments or suggestions are welcome.

### Release Information

You may request a copy of your medical record by filling out a Release of Information form. This form is available at the Outpatient Records Desk. Please allow 2-3 weeks to receive the copies. If you are separating or retiring, put your request in 6-8 weeks in advance so that you allow ample time to receive the copies.

### PATIENTS' BILL OF RIGHTS AND RESPONSIBILITIES

### Patients Have the Right to:

- Be administered quality care and treatment in a safe and secure environment consistent with available resources and generally accepted standards and have access to protective and advocacy services.
- Refuse treatment to the extent permitted by law and military regulations and participation in any research.
- Be given considerate and respectful health care with recognition of their personal dignity, cultural, spiritual and ethnic beliefs.
- Privacy during all medical treatment and to have all communications and records pertaining to their care treated as confidential in accordance with federal law and military regulations.
- Be made aware of any uses and/or disclosures of personally identifiable health care information that is maintained on them at this facility.
- Receive reasonable continuity of care and to know the name, professional status and credentials of personnel participating in their health care.
- Have themselves or, when medically advisable, an appointee provided with information regarding their diagnosis, treatment, prognosis and procedures in a language and terms that he or she can understand to include interpreters or translators.
- Participate in the management of their health care and be given information in non-clinical terms to facilitate knowledgeable decisions regarding their consent or refusal of treatment or participation in any research projects related to their care.
- Be informed of hospital rules and regulations that relate to patient or visitor conduct such as smoking rules.
- Formulate an advanced directive such as a living will or durable power of attorney and/or appoint an appointee to make health care decisions on their behalf to the extent permitted by law should they become incapacitated and unable to appropriately communicate.
- Examine the adequacy of care regarding their treatment, billing or other matters pertaining to their health care and to have any concerns or complaints reviewed and resolved in a timely manner, whenever possible.
- Inform their health care provider of their pain with a reasonable expectation of receiving effective pain management and to be educated on the potential limitations and side effects of pain treatments.
- Provide feedback on complaints or concerns about any services to the Customer Service Representative within the facility or to state authorities if not addressed via the administrative Chain of Command in a timely manner.

### Patients Have the Responsibility to:

- Show respect to all staff members, government property and other patients and abide by hospital rules and regulations such as proper supervision of children, noise control, visiting limitations and smoking areas.
- Provide accurate and complete health related information to ensure proper evaluation and treatment.
- Follow the medical and nursing treatment plan recommended by their health care provider.
- Arrive on time for appointments or notify the appointment clerk or clinic at least 24 hours ahead of time if they cannot make an appointment and to ensure their home address and telephone numbers are updated to facilitate communication with medical staff.
- Accept the consequences for refusal to comply with discharge instructions or the prescribed medical and nursing treatment plan recommended to them by the health care provider including follow-up care.
- Meet all financial commitments and obligations related to health care services received within this command.
- Ensure that medical records are promptly returned to the Outpatient Records Division for filing. All medical records documenting care by any military medical and dental treatment facility are the property of the U.S. Government.

### Pediatric Patients Under Age 18 Have the Right to:

- Receive the same rights and responsibility as adult patients. However, since pediatric patients are minors with a wide range of physical/mental developmental stages, some of their rights and responsibilities must be exercised through either a parent or legal representative.
- Have a parent or legal guardian make health care decisions on their behalf and to have them consent to or refuse treatment on their behalf to the extent permitted by federal and state law.
- Consent to or refuse, under federal or state law, certain types of treatment for specific conditions such as pregnancy-related services and sexually transmitted diseases and to do so without parental knowledge and/or consent.

### **POLICIES AND INFORMATION FOR YOUR WELL BEING**

### Patient Safety Information

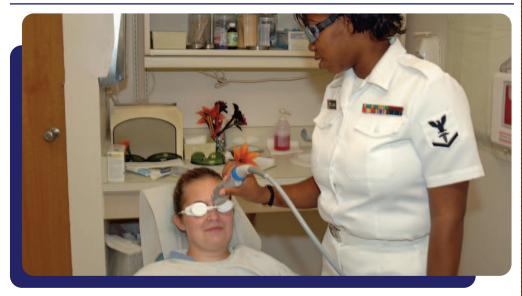

Patients can ensure a safer experience with the health care system by being involved and informed about their treatment. By asking questions and following through on their doctor's treatment and instructions, patients can take part in the process and gain confidence in the system. Improving patient safety requires continuous learning and the constant communication of information between caregivers, organizations, and patients. Everyone has a role in patient safety and everyone will benefit from its successes.

What can consumers do to make sure they have a safer experience with the healthcare system? Naval Hospital Jacksonville suggests these steps to help make your healthcare experience safer:

- Become a more informed health care consumer.
- Seek information about illnesses or conditions that affect you.
- Research options and possible treatment plans.
- Choose a doctor, clinic, pharmacy, and hospital experienced in the type of care you require.
- Ask questions of your doctor, nurse, pharmacist, or benefits plan coordinator.
- Seek more than one opinion.

### Keep track of your history:

- Write down your medical history including any medical conditions, illnesses, immunizations, allergies, hospitalizations, all medications and dietary supplements you are taking, and any reactions or sensitivities you have experienced.
- Make sure that all of your doctors know about everything you are taking. This
  includes prescription and over-the counter medicines, and dietary supplements such
  as vitamins and herbs.
- Write down the names and phone numbers of your doctors, clinics, and pharmacies for quick and easy references.
- Make sure you can read the prescription your doctor writes.
- Work with your doctor and other health care professionals as a team.
- Share up-to-date information about your care with everyone who is treating you.
- Make sure you understand the care and treatment you will be receiving. Ask questions if you are not clear on your care.
- Pay attention! If something does not seem right, call it to the attention of your doctor or health care professional.
- Discuss any concerns about your safety with your health care team.
- Expect your health care workers to introduce themselves when they enter your room and look for their identification badges.
- Make sure your nurse or doctor confirms your identity, that is, checks your wristband and asks your name and birth date, before he or she administers any medication or treatment.

### Involve a family member or friend in your care:

- If you are not able to observe or participate fully in your care, ask a family member or friend to assist. They can accompany you on appointments or stay with you, help you ask questions, understand care instructions and suggest your preferences.
- Review consents for treatment with your family member or friend before you sign them and make sure you both understand exactly what you are agreeing to.
- Make sure your family member or friend understands the type of care you will need when you get home. Your family member or friend should know what to look for if your condition is getting worse and whom to call for help.

### Your Hospital Stay and Discharge:

- If you have a choice, choose a hospital at which many patients have the procedure or surgery you need.
- If you are in a hospital, consider asking all health care workers who have direct contact with you whether they have washed their hands.
- When you are being discharged from the hospital, ask your doctor to explain the treatment plan you will use at home.

### **Surgery:**

If you are having surgery, make sure that you, your doctor, and your surgeon all agree and are clear on exactly what will be done.

### Follow your doctor's directions:

- Be sure you receive all instructions in writing and that you read and understand them. Have information explained verbally.
- Take medications exactly as prescribed.
- Use home medical equipment and supplies only as instructed.
- Report anything unusual to your doctor.

### Joint Commission on Accreditation of Healthcare Organizations

Naval Hospital Jacksonville is committed to providing you the highest quality health care. As proof of this commitment, we maintain accreditation by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO).

Every three years, JCAHO surveyors inspect hospital and branch medical clinic operations, both medical and administrative, and then evaluate how we operate when compared to strict standards. These medical standards are established by an independent civilian commission of representatives from the American College of Physicians, the American College of Surgeons, the American Dental Association, the American Hospital Association, the American Medical Association and other academic boards and public members.

Simply put, a JCAHO survey is the scale by which almost every health care organization in the United States measures the quality of services it provides. Integrity is locked in since the commission is not aligned with any commercial health care enterprise or the federal government. The commission's allegiance is solely to the delivery of the highest quality health care.

### Communicate your concerns:

Naval Hospital Jacksonville and its Branch Health Clinics promote open communication regarding your healthcare experience. We encourage you to contact the respective Department Customer Service Representative, the Department Head, or the Commanding Officer's Care Line (904) 542-2273 to ask questions or to voice complaints/concerns. If, in your opinion, concerns about patient safety or quality of care remain unresolved, you may report them to the Joint Commission on Accreditation of Healthcare Organizations (JCAHO), One Renaissance Boulevard, Oakbrook Terrace, IL 60181 (800/994-6610) or complaint@jcaho.org.

### Volunteers |

Giving a smile and a kind word, helping others because that's what they do best. This describes the volunteers who work at Naval Hospital Jacksonville. Their presence makes a significant difference in the quality of care the hospital provides to you. Volunteers provide more than 2,300 man hours per month. It would be almost impossible to offer all the present services if we did not have volunteers. There are two volunteer organizations serving the hospital.

The Red Cross is well known for the service it provides during natural disasters. Additionally, they provide financial assistance for active duty personnel in emergency situations, counseling, assistance in communication and emergency leave verification. At the hospital, Red Cross Volunteers work in virtually all clinical and administrative areas of the hospital.

If you are interested in becoming a Red Cross volunteer, call the Chairperson of Hospital Red Cross Volunteers, Ms. Helen Donahoe at (904) 542-7525.

The second volunteer group is to military treatment facilities. The Retiree Liaison Program is made up of retired military and retired military family members. They staff an Information Desk in the Outpatient Clinic Lobby and provide information to patients and visitors. This group of dedicated volunteers were originally formed to informal he an source information to military retirees. The program has developed into much more, assisting all categories of patients. Their experience is a significant asset to the hospital. The Retiree Liaison phone number is 542-7477.

Safety ...

The use of electrical or electronic devices (radios, electric shavers, hair dryers, curling irons, heating pads, etc.) is not allowed in several areas of the hospital for safety reasons. You should check with ward personnel prior to using personally owned electric or electronic items.

You are requested to turn in to the charge nurse on the ward any medications you have brought to the hospital. In order to avoid adverse drug reactions and/or problems with your course of treatment, you should not take previously prescribed or purchased medication while a patient in the hospital unless approved by your physician. Our pharmacists will review your medications and supplements to assess your fall risk, but remember you may feel fine in bed but walking may be a different matter.

Don't be overconfident. After the physician has allowed you to get out of bed for such things as going to the bathroom, walks in the hall, etc., it is your responsibility to ask for needed assistance from medical personnel. One fall may undo what you and your physician have tried so hard to accomplish.

In case of a fire, do exactly as you are told and do not panic. Help is on the way.

Security |

**Location:** First Floor/Hospital **Telephone:** (904) 542-7545

The Security Division, Operating Management Department, provides a full range of physical security, investigative and parking control services 24 hours a day, seven days a week. The Security Office is located in the back passageway of the hospital, across from the NEX and Barbershop.

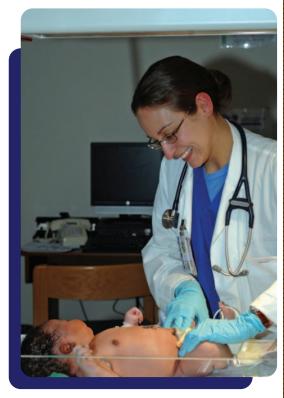

### Smoking Policy

Naval Hospital Jacksonville is a smoke-free facility. This applies to staff members and volunteers, as well as patients and visitors. Please do not smoke in the hospital or on hospital grounds except in the designated smoking area located behind the hospital on the east side of the building.

As a health care facility, we recognize the addictive nature of tobacco products and the health risks associated with tobacco use. If you need help quitting, please contact the hospital's Wellness Center at (904) 542-5292.

### Medical Care for Minors

Children under the age of 18 years usually cannot be treated medically without parental consent. Parents can designate a third party (caregiver, relative, etc.) to authorize care for their children. This is especially important for military parents who travel frequently. This designation is accomplished by completing "Authorization for Medical Care" form. The hospital is required by law deny non-emergency care to minors. An "Authorization for Medical Care" form is available at the Outpatient Records desk by the entrance into the Outpatient Clinic. Minor children who do not live with their military sponsor should have an up-to-date Military Identification Card, no matter what their age, and should request their military sponsor DEERS information keep their current.

### Parking \_\_\_\_\_

There are a number of short-term parking spaces in the half-circle drive in front of the main entrance of the hospital. These spaces are used for dropping off/picking up patients at the hospital. Persons using these spaces are advised to park in these specially marked spaces only for as long as it takes to drop off or pick up a patient. Otherwise, a roving patrol member of the Security Division may ticket the vehicle. Parking spaces for vehicles displaying a disabled person's placard or decal are conveniently located in all hospital parking lots. Vehicles parked in a disabled person's parking space not displaying the appropriate placard or decal will be ticketed. The majority of patient parking spaces are located on the east side of the Outpatient Clinic building.

### Hospital's Homepage on the World Wide Web

More and more people are using computers to access information on the World Wide Web. Naval Hospital Jacksonville has a homepage on the web and the address is: http://navalhospitaljax.med.navy.mil/.

# TRICARE IS FOR YOU! TWO BASIC CHOICES, ONLY ONE DECISION

To Enroll Or Not to Enroll, That is the Question!

# "Enrolled" Managed Care Choice (TRICARE Prime)

- Beneficiaries must **sign up** in order to use this option.
- Call (800) 444-5445 to have an enrollment form mailed to you, or stop by the TRICARE Service Center (TCS) at 1210 Kingsley Avenue, Suite 1, Orange Park, FL, or Naval Hospital Jacksonville Health Benefits Office to pick one up.

# "Non-Enrolled" Self Directed Choice (TRICARE Extra & Standard)

- It is not necessary to sign up to use this option (eligible beneficiaries are automatically covered by this choice).
- Call the Beneficiary Service Line at (800) 444-5445 or visit the local TSC or HBA at Naval Hospital Jacksonville for information on local network providers and for other details/procedures.

### **TRICARE - Your Military Health Plan**

### **Eligibility for TRICARE**

TRICARE is the health benefits program for all the uniformed services. All active duty members and their families, retirees and their families and survivors who are under age 65 participate in TRICARE whenever they seek medical care. Additionally, those individuals under age 65 who have MEDICARE A&B because of disability or end-stage kidney disease are also eligible for TRICARE benefits. In October 2001, TRICARE for Life went into effect for retirees, their family members and survivors who are over age 65 and who have MEDICARE A & B and are TRICARE eligible.

### CHOICE #1 - "Enrolled" Choice (TRICARE Prime)

This choice provides the most comprehensive health care benefits to the patient at the lowest cost. TRICARE Prime guarantees priority access to care at Military Treatment Facilities or an off-base, civilian, contracted doctor's office.

### **ENROLLMENT**

Beneficiaries must physically enroll to use this option. Enrollment forms are available at the local TRICARE Service Center, at Naval Hospital Jacksonville's TRICARE Customer Service or by calling (800) 444-5445. Enrollment is free for active duty families. All other eligible beneficiaries must pay an annual enrollment fee of \$230 for one person or \$460 for family coverage. Annual re-enrollment is required. Note: You do not have to do anything to use the "Non-Enrolled" Choice (TRICARE Extra or TRICARE Standard) as long as you are eligible for TRICARE.

### **LOWER COSTS**

Enrollees do not have to pay an annual deductible and have set fees for care in the civilian network. (As always, there is no charge for outpatient care at a Military Treatment Facility like Naval Hospital Jacksonville and its Branch Health Clinics.)

### PRIMARY CARE MANAGER (PCM)

Those who select the "Enrolled" Choice (TRICARE Prime), will be assigned a Primary Care Manager (PCM) at Naval Hospital Jacksonville or Branch Health Clinic Mayport if you live in the catchment area, and if there are available PCM openings in those clinics. If there are no PCM openings at the hospital or clinic you will need to select a second choice on your enrollment/portability application. This is a health care provider or a team of providers who are responsible for you and your enrolled family members' medical care. Your PCM has primary responsibility for meeting your health care needs and coordinating your total health care program. If your assigned PCM fails to meet your expectations, please contact the TRICARE Service Center for assistance.

### SPECIALTY REFERRALS

You must contact your PCM whenever you are ill and they will either provide the care or refer you to a specialist (e.g., orthopedics, obstetrics, etc.). You cannot refer yourself to a specialist and may be held financially responsible under the TRICARE Point of Service option for the health care service you receive if you fail to contact your PCM prior to receiving specialty care. Specialty care and hospitalization will always be provided by Naval Hospital Jacksonville, if available, regardless of whether you have a military or civilian PCM. If military care cannot be provided, you will be referred to the civilian network.

### **EMERGENCY MEDICAL CARE**

For emergencies, (defined as conditions with the potential for loss of life, limb, or eye sight; broken bones; or life-threatening situations), CALL 911 or go to the nearest civilian or military hospital. Notify your PCM of your condition and status within 24 hours of your emergency room visit (true emergencies only).

In the Jacksonville area: If you are ill and are not sure if it is an emergency, or do not know what to do, call your PCM or the Nurse Call Center for advice. The phone number for the Nurse Call Center is (904) 542-4667 or toll free (800)-529-4667.

### WHEN TRAVELING

- (1) If you are ill, but the illness is not life threatening, you may call the hospital's Nurse Call Center at (904) 542-4677 or (800) 529-4677. It is staffed by registered nurses who are trained to help you know when an illness or injury can be treated at home or when you need to seek professional medical care. The nurses are available 24 hours a day, 7 days a week.
- (2) If you are advised to seek professional medical care, you must contact your PCM for authorization.
- (3) If you do not call the PCM for permission before seeking care, you are subject to a high deductible (\$300 per person or \$600 per family) and a high co-payment (50%) which is known as "Point of Service" payment.

### **ACCESS STANDARDS**

When enrolled in TRICARE Prime, you are guaranteed care within the following time frames:

- Acute services within 24 hours after contacting your Primary Care Manager.
- Routine care within 7 days after contacting your Primary Care Manager.
- Wellness checks within 30 days after contacting your Primary Care Manager.
- Referral to a specialist within 30 days from the determination of need by your Primary Care Manager.

### **TRICARE SERVICE CENTER (TSC)**

Your local resource for TRICARE information, TSCs serve as distribution points for TRICARE materials and as enrollment sites for those choosing TRICARE Prime. The Jacksonville TSC is located at 1210 Kingsley Avenue, Suite 1, Orange Park, FL, and is open Monday to Friday, 8 a.m. to 5:30 p.m.

TSCs are staffed by Humana Military Healthcare Services, Inc. employees, who provide beneficiary briefings, policy guidance and support. The Kings Bay TSC is located in the Proctor Bldg. at 1355 Hwy. 40 E. in St. Mary's, GA, and is open from 8 a.m. to 5 p.m. Monday to Friday.

### DISENROLLMENT

TRICARE Prime enrollment lasts for 12 months. Active duty family members will be automatically re-enrolled and must opt out to disenroll. All others must reenroll each year. If they neglect to re-enroll, they will be disenrolled and their Prime coverage will lapse until they have completed enrollment paper work again. During this time they must use the "Non-Enrolled" Choice (TRICARE Extra/Standard) or obtain space-available care at a Military Treatment Facility. You should be aware that non-enrolled beneficiaries have the lowest priority for appointments. If you choose to disenroll during your enrollment year, you may do so but will be locked out of TRICARE Prime for the next 12 months, or if you miss your enrollment payment, Humana Military Healthcare Services will lock you out of TRICARE Prime for 12 months.

### ACTIVE DUTY AND TRICARE PRIME

All active duty military members are in TRICARE Prime and the preceding features apply except they must use military facilities as their Primary Care Manager and all civilian care must be authorized by Naval Hospital Jacksonville. Only Emergency care will be authorized and the active duty member must notify their PCM within 24 hours by calling the Nurse Call Center at (904) 542-4677. Cost for unauthorized routine care will be the responsibility of the active duty member.

### CHOICE #2 - "Non-Enrolled" Choice (TRICARE Extra/TRICARE Standard)

This choice allows beneficiaries to seek medical care from any physician in the civilian community who is TRICARE/CHAMPUS authorized. The "Non-Enrolled" Choice is a more costly option than the "Enrolled" Choice. This choice incorporates two programs (TRICARE Extra and TRICARE Standard). Medical expenses are covered by one of these two programs each time a non-enrolled beneficiary receives civilian medical care and files a claim. A single annual deductible covers the use of either program.

### ENROLLMENT

You do not need to do anything to use the "Non-Enrolled" Choice. Active duty family members, retirees and their family members are automatically covered by this choice (as long as they have not enrolled in TRICARE Prime and they are not eligible for MEDICARE).

### **Costs (Outpatient)**

### TRICARE EXTRA

You pay less than under TRICARE Standard whenever you use a civilian physician who belongs to the TRICARE provider network. After meeting the annual deductible (\$50/person, \$100/family for E-4 and below; \$150/person, \$300/family for E-5 and above), active duty family members will pay only 15% (retirees 20%) of remaining and future bills. The local TRICARE Service Center maintains a list of the TRICARE network providers, or you may call the Beneficiary Services Line at (800) 444-5445 for assistance in locating a network provider.

\*Mental Health inpatient admissions require a non-availability statement. For more information on mental health non-availability statements, see your local Health Benefits Advisor.

### TRICARE STANDARD

You may see the TRICARE/CHAMPUS authorized provider of your choice. After meeting the annual deductible (as described above) active duty family members pay 20% (retirees 25%) of remaining and future bills. Authorization/permission IS NOT required, except for civilian inpatient care (hospitalization) and selected outpatient procedures. For details, please contact the Health Benefits Advisor or local TSC.

\*Mental Health inpatient admissions require a non-availability statement. For more information on mental health non-availability statements, see your local Health Benefits Advisor.

### **CHOICE OF PROVIDERS**

Using the "Non-Enrolled" Choice allows eligible beneficiaries the freedom to choose any authorized TRICARE civilian physician. The status of the provider (in or out of the TRICARE network) will determine which of the two programs (Extra or Standard) is being used for any given episode of care. Authorization/permission IS NOT required, except for civilian inpatient care (hospitalization). Beneficiaries simply call the TRICARE authorized physician of their choice to make their appointment.

### **SPACE AVAILABILITY**

You may continue to use military facilities on a space-available basis, but priority will be given to active duty personnel and TRICARE Prime enrollees. Obtaining appointments will become more and more difficult for those who choose to remain in the "Non-Enrolled" Choice.

### **EMERGENCY MEDICAL CARE**

For emergencies (defined as conditions with the potential for loss of life, limb, or eye sight; broken bones; or life-threatening situations), CALL 911 or go to the nearest civilian or military hospital.

- If you are NOT enrolled in TRICARE Prime and become ill, either at home or while traveling, you may go directly to a civilian doctor or emergency room of your choice.
- You will be subject to the standard annual deductible (E-4 and below, \$50/person, \$100/family; E-5 and above and all other eligible beneficiaries, \$150/person, and \$300/family) and a percentage of remaining medical bills after meeting the deductible.

### PHARMACY BENEFITS

Military pharmacy benefits are not affected by choosing to remain non-enrolled. You may continue to use military pharmacies to get civilian prescriptions filled, provided the pharmacies stock the medications.

### TRICARE for Life

On October 1, 2001, about 1.5 million uniformed services retirees, their family members and survivors, and certain categories of former spouses, age 65 and older, received expanded medical coverage through the Department of Defense (DoD) health care program. Additionally, retired Reserve and National Guard personnel and their spouses also became eligible for TFL provided they are 65 and are enrolled in MEDICARE Part B. At 60, Guard and Reserve personnel who draw reserve retired pay, their spouses, and other eligible family members become eligible for TRICARE. When MEDICARE-eligible, they will have the same TFL coverage as any other retired uniformed services beneficiaries.

To participate in TRICARE For Life (TFL), beneficiaries must be eligible for MEDICARE Part A and enrolled in MEDICARE Part B. Eligibility for TFL is also based on having your correct information in DEERS, the Defense Enrollment Eligibility Reporting System, and having a current military I.D. card. Regardless of the date of service entry, TFL will be premium-free for all eligible military beneficiaries.

TFL is a permanent health care program enacted in the FY 2001 National Defense Authorization Act. You do not have to enroll in the TFL program and no card is necessary. TFL is a secondary payer to MEDICARE, like a MEDICARE supplement. In most cases, it will pay your inpatient and outpatient deductibles and cost shares. You may seek care from any certified MEDICARE provider. All the doctor has to do is file the claim with MEDICARE, with no extra paperwork for TFL. MEDICARE will share the claim with TRICARE. The balance due from the patient will be zero, in most cases, although there still may be a few situations where a beneficiary has some out-of-pocket expenses. For more information, call (888) 363-5433 or visit the Health Benefits Center at the naval hospital or the TRICARE Service Center at 1210 Kingsley Avenue in Orange Park.

### TRICARE Senior Pharmacy

Effective 1, April 2001, the law gives military beneficiaries age 65 and over the same pharmacy benefit as retirees who are under age 65. It includes access to prescription drugs not only at military treatment facilities but also at retail pharmacies and through our national mail service program. If you turned 65 prior to 1, April 2001, the law states that you automatically qualify for the benefit whether or not you purchased MEDICARE Part B. If you turned 65 on or after 1, April 2001, the law mandates that you MUST be enrolled in MEDICARE Part B to receive the pharmacy benefits. For more information, call (877) 363-6337, or visit the Health Benefits Center at Naval Hospital Jacksonville or the TRICARE Service Center at 1210 Kingsley Avenue in Orange Park.

Your local resource for TRICARE information, TSCs serve as distribution points for TRICARE materials and as enrollment sites for those choosing TRICARE Prime. TSCs are staffed by Humana Military Healthcare Services, Inc. employees who provide beneficiary briefings, policy guidance and support. Service representatives are available to assist with PCM assignments, claims information, interpretation of benefits and any other issues that pertain to your health care.

Registered nurses are available to assist with appointments, approvals and referrals to specialty providers or inpatient hospital care. Humana Military's website, www.humana-military.com, offers numerous services for beneficiaries located in the South Region. Those services include:

- Universal Services (available to all beneficiaries): finding a provider, enrolling in Prime, paying your Prime quarterly or annual re-enrollment fees on-line, learning more about TRICARE (read/download brochures, charts, handbooks, bulletins and newsletters), Health and Wellness information - including disease management services and a new section on behavioral health, downloading TRICARE Forms and setting your communication preferences.
- Secured Member Services (sign-in is required): printing a temporary Prime enrollment card, verification of enrollment, requesting a Prime enrollment card, online status checks of referrals and authorizations, on-line status check of claims, requesting a primary care manager (PCM) change and requesting a change of address.

Value Options: (800) 700-8646

### **TRICARE Questions & Answers**

### Who is eligible for TRICARE?

TRICARE is the health benefits program for all the uniformed services. All active duty members and their families, retirees and their families, and surviving family members participate whenever they seek medical care. Dependent parents and parent-in-laws are not eligible for any TRICARE benefits. They are only eligible to be seen as space is available in the direct care system. For beneficiaries over the age of 65, TRICARE For Life will pay after MEDICARE when it is a coverage benefit. Additionally, those individuals under age 65 who have MEDICARE A & B because of disability or end-stage kidney disease are also eligible for TRICARE benefits. Also, those over the age of 65 are eligible for pharmacy and other benefits. (See the TRICARE For Life information in the TRICARE section of this book).

### What happens if I don't do anything?

You will be participating in the "Non-Enrolled" Choice (TRICARE Extra/Standard), which is designed for those who wish to receive their health care from a civilian physician of their choice off base. The costs associated with the "Non-Enrolled" Choice depend on the rank/status of the sponsor.

# If I choose the "Enrolled" option, must I enroll ALL my family members in TRICARE Prime?

No. A spouse may wish to enroll in TRICARE Prime. However, another family member may be living elsewhere for most of the year and not have access to a military facility or TRICARE Prime program. In such a case, that person should remain in the "Non-Enrolled" Choice and use TRICARE Extra/Standard for care.

# What is the best way for me to continue to use Naval Hospital Jacksonville for my family's healthcare?

The best way is to enroll in TRICARE Prime and request a Primary Care Manager at one of the primary care sites at the Naval Hospital (Family Practice or the Primary Care Group). If you do not choose to enroll in TRICARE Prime, you will only have access to space-available appointments which are limited.

### Can I switch among the three options?

No. If you choose the "Enrolled" Choice (TRICARE Prime), you must remain enrolled for one year. At the end of that year, you may re-enroll, or you may leave Prime and receive care under the "Non-Enrolled" Choice (TRICARE Extra/Standard). You may switch between Extra and Standard at any time simply by your choice of providers.

### How does my son/daughter seek medical care when away at college, where TRICARE Prime is NOT available?

He/she will obtain care using the "Non-Enrolled" Choice or space-available care at a military treatment facility (if there is one nearby).

### How do my dependent children, living with my ex-spouse, where TRICARE Prime is NOT available, obtain health care?

Your dependent children may obtain care using the "Non-Enrolled" Choice (TRICARE Extra or Standard).

### What should I do in the middle of the night if I have an emergency?

If it is a true emergency, CALL 911. If you are not sure what to do or whether it is a true emergency, you may call the Nurse Call Center at (800) 529-4677 to speak with a nurse.

### How do I get care for my family if we're away from Jacksonville?

If you are a TRICARE Prime enrollee and you need non-emergency care, you must first contact your PCM for authorization. If you seek non-emergency care without authorization, you will be responsible for meeting a deductible and paying a percentage of the remaining fees. In emergency situations, you should immediately seek care at the nearest military or civilian emergency room and call your PCM as soon as possible (within 24 hours) to notify them of your medical situation.

### I am over age 65 and on MEDICARE, can I get care from military hospitals and clinics?

Yes, you may still have prescriptions filled (when the military hospital stocks the prescribed drug) and you may seek space-available appointments. You also can use the TRICARE mail order and retail pharmacy benefit. Check with a health benefits advisor for details.

### I have health insurance where I work. How does TRICARE fit in?

By federal law, TRICARE is always the second payer for health care. Medical bills must first be sent to your civilian health insurance company for payment. You may then file the remaining bills with TRICARE for payment. Remember, if you have a civilian HMO you must follow their rules to ensure payment under their plan.

# One of the Nation's Top Heart Hospitals is Right Here in Jacksonville. Again!

For the third time, *U.S.News & World Report* has named St. Vincent's Medical Center one of America's 50 Best Hospitals in Heart and Heart Surgery. It's a recognition echoed by others. HealthGrades 2006 rankings reflect the commitment to excellence of the Experts at St. Vincent's. And J.D. Power and Associates awarded St. Vincent's with its Distinguished Hospital Award for "An Outstanding Patient Experience." Home to a growing cardiovascular program, St. Vincent's is the only Jacksonville heart hospital ranked by *U.S. News* as one of the nation's finest.

For information about your own heart health, call the nurses at St. Vincent's HealthLink at 904-308-LINK.

# Let us take better care of you.

Winn-Dixie is different – we tailor our stores and Pharmacies to meet the needs of our community. That's why Winn-Dixie is a provider of the TRICARE Pharmacy Network supporting Jacksonville's Navy presence. Our full-service pharmacies carry everything from aspirin and zinc ointment to a full line of FDA approved generic drugs.

We have over 40 local pharmacy locations – and one right in your neighborhood. We fill prescriptions in minutes, not hours!
